Revenue Requirements  
Stranded Costs  
Transmission Pricing and Access

Mr. Chalfant is a Principal. He received a Bachelors Degree in Mathematics from Northern Illinois University and a Master of Arts Degree in Economics from Washington University. From 1968 to 1973, he was Assistant Professor of Economics at California State University at Northridge, where he taught courses in Economics and Statistics, including the Economics of Antitrust and Regulation.

In 1973 he joined the Staff of the Public Service Commission of Wisconsin in the Utility Rates Division, where he was engaged in designing rates for electric and gas utilities. Since 1974 he has been engaged in the utility consulting practice. He has participated in cases involving more than 60 electric utilities, 23 gas distribution utilities and 16 interstate pipelines.
