Mr. Collins is a Senior Consultant. He graduated magna cum laude from the University of Missouri-St. Louis where he received a Bachelor of Science Degree in Business Administration with a Finance Emphasis in 2002. Mr. Collins also received a Master of Business Administration Degree from the same university in 2007. He is a member of the Beta Gamma Sigma Honor Society, the Financial Association International Honor Society and the University of Missouri-St. Louis Finance Honor Society.

Prior to joining BAI in 2002, Mr. Collins was employed at Edward Jones. In this position, he assisted in the evaluation of investment opportunities. At BAI, Mr. Collins has participated in numerous regulated and competitive electricity, natural gas and water related issues. His most recent engagements have concentrated on cost of service, revenue requirement issues, utility merger analysis and risk analysis.
